PRO AND CON FOR DIVISION STREET WALKS

Mearing Brings Out Arguments Both Ways-Council Orders Walks-Trolley Extensions Advocated by Two City Organizations.

A special meeting of the common council was held Tuesday evening in the council chamber to give a hearing on the order to lay asphalt concrete on the droof to lay aspant concrete curbs on Division street. The meeting was called to order shortly after 8 o'clock by Mayor T. C. Murphy, and the roll call showed that Aldermen Gebrath, McLaughlin, Beckley and Hourigan and Councilmen Williams, Fowler, Shanney Warmer and Councilly were Shannon, Kramer and Connelly were

Opposed to Order. Opposed to Order.

After Clerk Stephen D. Moore had read the publication of the notice for the hearing, Herbert R. Kind was the first property holder to be heard, and he spoke in opposition to the side-walks. In the course of his remarks he asked if any appropriation had been made to meet the expense of removing the ledges in the street, and he was told that no appropriation had been made and that none had been asked for.

asked for.

A. E. Cherry was also heard in regard to the removal of the ledge, as was also Frank Smith, who made the suggestion that cinder sidewalks would suffice.

L. T. Pitcher, who was instrumental in the petition, said that as 20 out of 27 property holders on the street had signed the petition, and that 11 out of 12 property holders on Clairemont avenue, who use Division street, had also affixed their names to the petition, he affixed their names to the petition, he thought the sidewalks should be laid. He further said that very little ledge would have to be removed.
D. J. McCormick, Jr., was heard and he stated that the street has less traffic than many other street. fic than many other streets as near the center of the city. In regard to the traffic, Civil Engineer George E. Pitcher said that the people go down to Hoswell avenue, where there are good sidewalks, instead of going through Division street, where the sidewalks are in poor condition. Samuel Crooks, who lives in Clairemont court, but who uses Division street, said he thought that very little ledge would have to be removed.

Willing to Lay Walk.

John Weich, who was next heard, said that the condition of the street was very poor and that he was willing to lay a sidewalk in front of his property. Charles F. Reynolds was also heard in regard to the sidewalks. The hearing was then considered closed and a short recess was taken to consider the question.

Council Meeting. Mayer Murphy called the council to order following the recess and Alderman Hourigan made a motion that the report of the sidewalks on Division street be accepted. The motion was seconded and the report was accepted seconded and the report was accepted and adopted, thereby requiring the sidewalks to be laid by June 15, 1914.

The public works committee reported on the petition of Hall Brothers and others to change the grade on the southerly side of Commerce street, and action will be taken on May 4.

In regard to the petition of Frederick Krehn, the public works committee reported that the grade asked for on the southerly side of Boswell avenue, between Hickory street and Pratt street, has already bee nestablished, and the petitioner was granted leave to withdraw his petition.

withdraw his petition. Accept Page Street. The public works committee recommended the acceptance of Page street, on the westerly side of Fourth street, when the deeds are passed to the satisfaction of the corporation counsel, and the gutter constructed in the street. This report was accepted and adopted.

A petition signed by Conrad Greiner and 10 others for two lights on Carter avenue and another from John Dona-hue and four others for an incandescent lamp on Roath street between Cliff street and Donovan's store were accepted and adopted.

Progress was reported on the petition of Herman Retkowski and five others for electric lights on Avery street at places that shall properly light the street. The petition of B. Friedberg, who

asks for a grade on the easterly side Spring street, was referred to the public works committee To Connect With Sewer. Herbert D. Rogers was given per-

mission to connect his premises on Cahoon street with the sewer on Kinney avenue.

D. Novick asks for a grade on the southwesterly side of Mechanic street ween Spring street and the property of Calvin Swan. A petition for a sidewalk at 26 Hinckley street and signed by E. Ross and others was referred to the public

works committee A petition signed by Susan M. Jensen and Martin E. Jensen for a change in the grade of the sidewalk in front of 61 Broad street and in front of the vacant lot next easterly of 61 Broad street was referred to the public works

On Trolley Extension. A communication from the Board of Trade favoring the plan of the trolley extension to Mohegan park and advoextension to Monegan park and advo-cating the appropriation of enough money to complete the dock at Rose place and urging the city to take proper measures to improve its main entrance (Thames street) into the city was referred to the finance committee. A communication from the Norwich a communication from the Norwich Business Men's association asking for the placing of asphalt in Rose place and the completion of the retaining dock at Rose place was referred to the

finance committee, Mayor Murphy read a communication from the Norwich Business Men's selection from the Norwich Business Men's selection commending the action of the council in advocating the extension of the trolley lines to Maplewood and Mohegan park and pledging their assistance to the council in furthering

the project. A resolution was introduced for a claim of 368 damages by Mrs. Mary Mulgrue of Tattville on account of In-furies received in a fall on Main street on Feb. 28, 1914. The resolution was accepted and adopted.

Reappointed D. S. Gilmour. Mayor Murphy read his appointment of David S. Gilmour as a member of the board of gas and electric commissioners for five years from May 15, 1814. A resolution recommending the appernment of Mr. Gilmour was ac-cepted and adopted. Mr. Gilmour succeeds himself in the position.
Adjournment was then taken.

Plenty of Water in Reservoirs. The rainfall of Monday amounted to 21 inches. This gives a total for the mouth so far of 2.95 inches.

At both the reservoirs the water is running over the spillways and at Bog Meadow there is two inches of water

over the spillway. The good ship City of Norwich, which salled from New York, April 4, and had as part of her cango Page boilers, from Norwich, Conn., consigned to China, was reported Tuesday as having sailed from Oram, Northern Algeria, Africa, presumably on course through the Suez canal.

COMFORT POWDER HEALED

Nurse Danforth of Derry, N. H., says: "I have just had occasion to use Comfort Powder in a severe case of chafing and it was quickly healed. Comfort Powder is the best I have ever used for any skin soreness of infants and children.

COMES TO EVERYONE

Spring sickness comes in some degree to every man, weman and child in our climate. It is that run-down condition of the system that results from impure, impoverished, devitalized blood. It is marked by loss of appetite and that tired feeling, and in many cases by some form of eruption. The best way to treat spring sickness is to take Hood's Sarsaparilla. Ask your druggist for this all-the-year-round medicine. It purifies, en-ziches and revitalizes the bleed.
